MEMORANDUM TO: CIA - Admiral Inman

FROM: PM - Richard Burt *RB*

SUBJECT: CBW Use

As you know the National Intelligence Estimate on CW use has been completed, and we are now preparing an unclassified document which will draw upon that study. We intend, once that work is finished, to dispatch an interagency team, similar to that which went to Europe last October, to brief friendly governments on the latest US evidence. The capitals we currently have in mind for this trip are Tokyo, Bangkok, Islamabad, and NATO headquarters in Brussels. Other cities may be added as planning progresses. The target date for this trip is mid-March.

25X1

[redacted] of your agency participated in the October trip to Europe, and made an indispensable contribution to its success. I would like to invite your Agency's participation in this forthcoming trip. Given the objectives which the team will have, and the capitals to be visited, I would welcome on the team for this trip Hans Heyman, the National Intelligence Officer responsible for the NIE, and [redacted] the Technical Director for the NIE and the officer responsible for coordination of medical collection programs.
